Specialty Programs and Services

Balance CareLink Program: Uses a multi-disciplinary team approach for the prevention of falls and treatment of injuries associated with falls. A risk assessment tool is used to identify persons at risk for falls. Evidenced based strategies are utilized to reduce fall related injuries and to decrease visits to the Emergency Department or hospital.

Cardio CareLink Program: Provides education, support and frequent monitoring for patients with heart failure. Our expert nursing staff provides care and treatment to prevent visits to the emergency room or hospital. Cardio CareLink also provides friendly tools to enhance heart healthy living.

Diabetes CareLink Program: Nurses provide assistance to patients to understand and manage their diabetes. Resources and educational tools provided to patients focus on how to stay healthy and reduce the risk of complications.

Ortho CareLink Program: Offers a “fast track” approach for patients recovering from total knee or hip replacement surgery. Therapy customized to your needs is provided in the comfort of your home.

Pulmonary CareLink Program: Provides education, support and frequent monitoring for patients with chronic obstructive lung disease (COPD) and pneumonia.

Skin and Wound CareLink Program: Specially trained nurses provide the most up-to-date treatments and advanced products to speed wound healing. A specialized software program tracks pictures and measurements to quickly notify the nurse if problems occur.

Other Speciality Services May Include:

- Cancer Care
- Catheter Care
- Anticoagulation Therapy
- Laboratory Tests
- Parenteral and Enteral Nutrition (Tube Feedings)

One Call Convenience

We make quality care simple. Just make one call and we do the rest. We'll verify insurance and, if we can't serve you, connect you with another agency. No matter when you call, you'll always speak with an experienced home care caregiver who can ensure coordinated services and continuity of care.

Fully Accredited

You can rest assured knowing we are accredited by ACHC and remain one of the highest rated home care agencies, ensuring quality compliance and standards of care.

Experienced Professionals

You can have confidence in our extensive experience and commitment to the highest quality care. Our caregivers undergo a stringent personnel assessment and receive ongoing staff education. Our team approach to care provides you and your loved ones with optimal outcomes.

Professional Sales Staff

To smooth the transition to home care, one of our representatives will pick up related paperwork and meet with you or your loved one before leaving the care facility, if requested.

Coverage

We are Medicare and Medicaid certified, so patients get all the services they're entitled to. We accept multiple payers, allowing us to serve all patients.
